# HAPPY SANDWICH

Shogo Manna, the owner of Manmi in Nago City, is told by Kaminchu (Shinto priests in Okinawa) to make a sandwich to offer to god. In order to fulfill this request Manna travels around to interview people involved in with food in **Okinawa**

In his conversations with the producers and chefs, he listens to their thoughts on their food and lifestyles, and moves toward his own idea of what could be a **"Sandwich for God"**
